ASSOCIATED PRESS TELEGRAM
Camp Sherman, Chillicothe, Ohio, April 10.—Official announcement as to the successful candidates for commissions in the third officers' training school here now nearing its close will come from the committee on public information according to an order published here today. The official board to recommend the candidates for the coveted commissions will meet here Friday of this week to consider each individual candidate's case. The successful names will be forwarded to Washington at once.

Colonel J. G. Hannah, Jr., commanding the school, and Majors Ira A. Smith and William K. Gunn, and Captain Herman N. Archer, instructors will meet Friday to pass on the commissions. Officers of the school have stated that at present there is no way of estimating how many of the men will be successful.

Announcement of the successful candidates is expected not later than Saturday of next week when the school will end. It had originally been planned to release the names of the new officers-to-be from here, but officers believe this will be impossible as a result of a letter from the adjutant general's office today.

Various factors will be taken into consideration in awarding the commissions. Accurate records have been kept of each man's work from day to day. Company officers have been asked to estimate the value of each candidate as an officer. Instructors are known to lay considerable stress on psychological examinations which have been given the men.

Only one and three-tenths per cent of the 7,015 new selective service men recently received here have been found physically unfit for the service. One hundred and four of the men will be replaced by others. Officers attribute the apparently fine showing to the more lenient physical requirements at present. Medical authorities here today stated that in all probability the men were not any better taken as a whole than were the men of the first increments last fall. A number of the men who have had minor defects have been designated for limited military service.

Two deaths were reported at the (Continued on Page 2, Col. 5.)

GOVERNOR COX APPOINTS WOMAN ON WAR BOARD

ASSOCIATED PRESS TELEGRAM
Columbus, April 10.—As a recognition of the war service which organized women of Ohio are doing, Governor Cox today appointed on his war cabinet Miss Belle Sherwin, the acting state chairman of the women's committee, Ohio branch council of national defense.

When state defense council were created at the beginning of the war, women were not included but were left to organize their own committee. Under the direction of Mrs. Geo. Zimmerman of Fremont, and Miss Sherwin, who is now the active head of the women's committee, practically every county in the state has been organized.

With the appointment of Miss Sherwin on the state war board the governor has also assigned to the women their first big job. They are called upon to help the district draft boards copy the names, addresses, ages, occupation and other data of all men registered in Ohio under the selective service law from their questionnaires on file with the local draft board on occupational cards to be sent to Washington.

In order to carry out the purpose of the Selective service law and to utilize more effectively the services of all men registered it is necessary to have these occupational cards prepared and transmitted to the provost marshal general without further delay." Governor Cox advised the local draft boards today in notifying them that the woman's committee of the defense council would help them in this important work.

In addition to naming Miss Sherwin on the Ohio defense council, Governor Cox also appointed James L. Peiser, director or civilian relief for the lake division of the American Red Cross, and M. R. Denver of Wilmington, as additional members of the Ohio defense council. Mr. Denver is a former congressman, a banker, and leader in public affairs of Wilmington.

Plans are under way for carrying out important constructive work by the defense council including the formation of community councils throughout the state. This is in line with the policy adopted at the annual meeting of the defense council held recently.

GERMANS PUSH BACK ALLIES IN YPRES SECTOR

Heavy Fighting Along the British Front Near the Somme

GIVENCHY RECAPTURED AND ENEMY FORCED TO RETREAT

Severe Artillery Bombardment By Huns For 48 Hours

ASSOCIATED PRESS TELEGRAM
London, April 10.—In their new attack on the front north of the Somme battlefield the Germans yesterday forced their way into Givenchy but the British recaptured the town, the war office announces.

Fierce fighting continued during last night on the front north of La Bassée canal. The British troops are standing on the line of the rivers Lys and Lys and are engaged in heavy fighting with the Germans at the river crossings at Estaires and Bac St. Maury.

The German front of attack is extending today. Early this morning a bombardment was begun on the British positions from the Armenieres region as far north as the Ypres-Comines canal. On the southern part of this front infantry fighting is reported to have begun. The announcement follows.

"On the front north of La Bassée canal fierce fighting continued during the night. Our troops are holding the line of the rivers Lys and Lys and are heavily engaged with the enemy at the river crossings at Estaires and Bac St. Maury.

"On the southern flank of attack Givenchy, into which the enemy at one time forced his way, was recaptured later in the day by a successful counterattack by the 55th division, which took 750 prisoners in this area.

"Early this morning the enemy opened a heavy bombardment of our positions east and north of Armenieres as far as the Ypres-Comines canal. Fighting is reported to have commenced on the southern portion of this front."

"On the British front south of the Somme there was local fighting yesterday evening at certain points without changing the situation."

BUT LITTLE GAIN WAS MADE IN ONSLAUGHT.

(Compiled from A. P. Dispatches)

In a new offensive movement between Arras and Ypres the Germans have pushed back the center of the allied line on an eleven-mile front.

Heavy fighting still goes on with the British and Portuguese striking hard against the enemy on the line of the river Lys, southwest of Armenieres, and the British holding the advance in check south of Armenieres and at Givenchy, the extreme ends of the battle front.

The purpose of the German effort is not yet clear. It has only succeeded in entering the foremost defenses at several points along the front, but should the enemy drive through to beyond Bethune and the Clarence river, the strong British positions at

MANY PLACES ARE OVER SUBSCRIBING IN LIBERTY LOAN

ASSOCIATED PRESS TELEGRAM

Cleveland, April 10.—Mahoning county's quota for the third Liberty loan has been increased to \$5,321,750, it has been learned. Owing to a mistake having been made in calculating Youngstown's bank deposits, the figures originally given out were set at \$4,448,750. The quota for the second loan was \$5,165,000.

No totals have been given out by the fourth federal reserve district committee since the first official announcement that \$35,000,000 had been raised in the district during the first day. This is in compliance with Secretary McAdoo's suggestion that district figures are not to be made public at this time.

Twenty-nine additional honor flags, making a total of fifty-three to date, were announced. Ironton, one of the first towns in the country to gain the distinction of being awarded the honor flag, added a star to the banner yesterday by doubling its quota. Gibsonburg and Madison township were the first districts in Sandusky county to report an over-subscription.

The latest places in Ohio awarded the honor flags are:

Neffs and Powhatan point, Belmont county; Millford, Williamsburg, Owensville, Felicity, Moscow and Bethel. Clermont county; Hicksville, Delaware and Noble townships, Defiance county; Fayette, Metamora, Fulton county; Jackson township, Forest, Hardin county; Yellow Springs township and Yellow Springs, Green county; Larue, Prospect, Marion county; Bloomington, Fayette county; Madison township, Vinton county; Willard, Huron county; Spencer, Medina county; Gibsonburg, Sandusky county; New Straitsville, Perry county; Roseville, Muskingum county and Franklin.

Speakers on the program in the afternoon were Edward N. Hurley, chairman of the United States Shipping Board, whose subject was "Shipping." Charles S. Hamlin, federal reserve board who was to talk on "Finance"; Josephus Daniels, secretary of the navy and Franklin K. Lane, secretary of the interior were on the program for addresses tonight.

The Earl of Reading, British ambassador will be the chief speaker tomorrow night. At a meeting of the national councilors of the chamber last night a motion advocating the suppression of all publications in the German language was tabled by a close vote.

RUSSIANS PROTEST AGAINST LANDING OF JAPANESE SOLDIERS

ASSOCIATED PRESS TELEGRAM

Moscow, Tuesday, April 9.—A protest against the landing of Japanese armed forces at Vladivostok has been sent to the Japanese counsels there by a committee representing the All-Siberian Soviets.

Copies of the protest have been delivered to all the other foreign consuls in Vladivostok.

The protest says that the feeling of indignation among the Russian masses caused by the landing has been intensified by the statement issued by Admiral Kato, the Japanese commander. It is denied that Japanese in Vladivostok are in danger and the declaration is made that the landing is an interference in domestic affairs similar to the Japanese participation in the civil war at Blagoveshchensk, in the Amur province, where the Japanese are charged with having taken up arms against the authority of the Soviet.

The murder of Japanese at Vladivostok, it is said, was clearly of a provocative character and cannot be charged to the legal authorities. The protest declares that the Japanese interference is an openly reactionary movement which threatens relations between the Japanese and Russian peoples. Deep friendship for the laboring masses in Japan and other countries is expressed in the protest, which adds that they will undoubtedly raise their voices to compel the Japanese government to withdraw.

Communication with that portion of Manchuria where General Semenoff, the anti-Bolshevik leader, has been operating, has been cut. A Siberian committee which has been conferring with a Chinese delegation at Chita for the purpose of stopping raids by General Semenoff and restoring order on the Siberian railway, has returned to Irkutsk and asks that troops be dispatched presumably to begin operations against General Semenoff.

Russian newspapers charge that Japanese have supplied General Semenoff with artillery for the purpose of undermining the Soviet authority in Siberia.

OPENING SESSION NATIONAL MEETING OF BUSINESS MEN

Chicago, April 10.—More than

three thousand representative business men from all sections of the country gathered at the Auditorium theatre today for the sixth annual meeting of the Chamber of Commerce of the United States. The sessions which will last until Friday were expected to be of more than usual importance because of the war problems to be taken up and the prominence of the men who are to discuss them.

The opening session of the convention was taken up by the welcoming address of Lucius Teter, president of the Chicago Association of Commerce; the response of R. Goodwyn, president of the chamber of commerce of the United States and the reports of committees and officers. Speakers on the program in the afternoon were Edward N. Hurley, chairman of the United States Shipping Board, whose subject was "Shipping." Charles S. Hamlin, federal reserve board who was to talk on "Finance"; Josephus Daniels, secretary of the navy and Franklin K. Lane, secretary of the interior were on the program for addresses tonight.

"This is not war, but it is very human."

"Yes, very human," replied the king, smiling. The king, speaking to several Americans with whom he and the queen conversed, said:

"I am very glad, indeed, to see American soldiers in England and a fine stamp of men they are. When I was in France not long ago I had the opportunity of seeing the American troops. They impressed me very much with their excellent bearing and I was told they are becoming very efficient very rapidly."

During their tour, which included a visit to the ancient city of Lincoln, the king rode in a tank amid the cheers of British and American soldiers. The king said to the officer in charge: "This is my fourth adventure in a tank. I want you to take me over the most awkward places."

The officer did so. One moment the tank's nose pointed skyward and the next moment it was tumbling head foremost down a decline. The king laughed and said:

"The motion is not as bad as that of a destroyer in a heavy sea. It was a very interesting experience. I enjoyed it."

KING AND QUEEN PAY A VISIT TO THE AMERICANS

ASSOCIATED PRESS TELEGRAM
London, April 10.—American soldiers acted as a guard-of-honor to King George and Queen Mary yesterday when their majesties inspected a certain famous works where thousands of hands are employed day and night. Their majesties conversed freely with officers and men and commented on the smart and soldier-like appearances of the Americans.

Queen Mary, responding to a request, said it was imperative to decide the question of the flag immediately as "the Russian flag will have to wave over the embassies in Berlin and Vienna and we cannot have the old tri-color so I think it most proper to adopt the red flag under which we fought and gained victory."

DAUGHTERS OF AM. REVOLUTION TO ASSIST LOAN

The local chapter, Daughters of American Revolution, have been asked by the national officers to assist in the third Liberty loan, and the Newark regent, Mrs. A. H. Rickert, has received the following:

"The national society, Daughters of the American Revolution, has undertaken as patriotic duty to raise \$100,000 with which to buy a third Liberty loan this month."

"This opportunity to show our patriotism as an organization will come during the week of continental congress."

"What are you going to do with this opportunity to help place our national society before our country as an organization of patriotic women who believe that it is our bounden duty to loan this money to our government with, December 2, 1895, granted to us a charter under which we were organized as a national society, and under which we are doing our present war-work—a government which has exempted our property from taxation?"

"The national society is obliged to report as a government branch to the government of the United States."

"For the first and second Liberty loans individual daughters and chapters gave a most gratifying account of themselves; but we have not as an organization declared ourselves by taking out a loan in the name of the national society."

"Let us make this war congress, held at the most serious time of the world's history, and at a time when we are bravely giving our brave men to fight freedom's battles on foreign soil, a time when we shall give visible, tangible evidence that we are a body of American women showing our faith in our government by having a third Liberty loan rally during our annual meeting, known as continental congress—when every daughter present or absent through her chapter or state regent will present one dollar to the national society with which a third Liberty loan for \$100,000 may be bought in the name of the national society."

"Come to congress ready to give \$1 to the national society—for the third Liberty loan, or if you cannot come, send your dollar by your chapter or state regent that this third Liberty loan rally may be a most memorable demonstration of our faith in our government and our belief in the mission of our great organization in time of war."

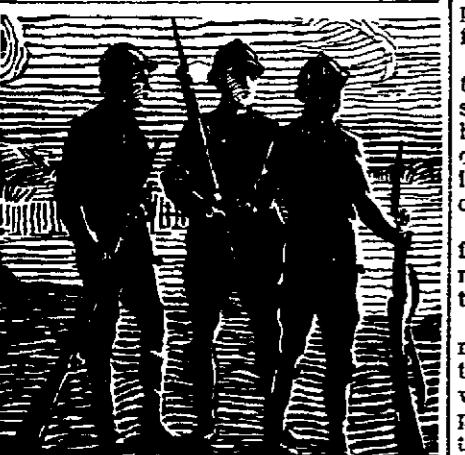

GERMANS PUSH BACK ALLIES IN YPRES SECTOR

(Continued from Page 1)

Arras and Ypres would be endangered. The first onslaught, however, did not make any great gain, although the Germans attacked in strong forces after a most severe artillery bombardment of 48 hours.

On a front of about four miles between Neuve Chapelle and Cardonne farm the Portuguese and British have been driven back about a mile and Laveant, west of Fauquissart is in German hands. The enemy also has occupied Rochebourg-St. Vaast, south of Neuve Chapelle. On the northern end the British still hold Felurbais and have thrown back the Germans at La Bassee canal, on the southern extremity.

For more than 18 months there has been no heavy operations on this front. Prior to the offensive in Picardy, the Germans had bombarded this front heavily. Raids and local attacks they made then were repulsed by the allied troops. Neuve Chapelle, however, was the center of

We have had sad and critical days. In those days we had no ground for panic. We have had days when the outlook was brighter. "Make no mistake, there is no cause yet for exultation, except in the valor of our troops. For a long time there will be cause, very grave cause, for deep anxiety, and there will always be to the end cause for exertion and for sacrifice, and if these are given with the unstinted devotion with which our brave in France are offering it, there will be cause for confidence in this country."

TAX RECEIVED BY GOVERNMENT TO CONDUCT WAR

(ASSOCIATED PRESS TELEGRAM)

Washington, April 10.—War taxes took from the pockets of the American people \$56,076,000 in February, or \$251,890,000 in the eight months since last July 1. These figures, reported today by the internal revenue bureau are the tax increases for those periods over the same periods of the year previous, and represent substantially the result of heavier war levies.

Total internal revenue collections in February were \$89,130,000 and since July 1, 1917, \$549,962,000. This is only one-seventh of the \$3,400,000,000 total expected from tax sources mainly income and excess profits taxes, before next July 1.

That many persons paid their income taxes assessments four months before they were due is indicated by collections of \$12,029,000 from this source in February. Corporation income and excess profits tax collections were \$6,373,000.

Considerable information on the volume of business in freight, passenger, express, theatre, automobile, telephone and telegraph, and other lines of commerce is disclosed by itemized figures on tax receipts from these sources, contained in the report.

Freight tax collections of \$4,625,000, representing eight per cent of freight payments, indicate that \$154,173,000 worth of hauling business was done by the railroads. Most of this probably was for January, as reports on collections were several weeks late.

The month's passenger fare bill of the nation apparently was \$55,820,000, for aggregate collections from the eight per cent tax on the cost of passenger tickets were \$4,463,000. Pullman fares paid by travelers must have been \$4,463,000 since the ten per cent tax brought in \$446,800. Express taxes, five per cent of the payment, were \$767,000, indicating that the amount of business done was \$15,355,000. From the tax of five cents on each telephone or telegraph message of fifteen cents or more \$1,063,000 was raised, indicating that 21,275,000 messages were despatched.

The nation's theatre and amusement bill for the month appears to be \$37,083,000, as \$3,708,000 was collected from the ten per cent tax. It also is indicated that the American people spent \$3,659,000 for club dues every month, and pay ten per cent of this as government tax.

Apparently people are not buying as many decks of playing cards as a year ago, for the revenue figures show that tax was collected only on 1,788,000 decks in the month, as compared with 2,896,000 in February, 1917. Revenue was greater, however, owing to the raising of the federal tax from two to five cents a deck.

The tax of three per cent on the sale price of automobiles and motorcycles yielded \$2,320,000, indicating that tax was paid on \$77,352,000 sales.

WERE NOT OUT ON THE RANGE

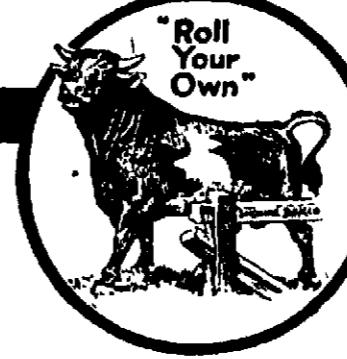

The report was current that the members of Battery B were out on the artillery range, which made it hard to get them to the city today. However the men are not out on the range yet, but will probably go soon. They are now having the intensive training preliminary to going on the speaking tour.

Mr. O'Connor sent the cablegram he said, when he learned of Premier Lloyd George's proposal to extend conscription to Ireland.

The cablegram follows: "I must at once record a solemn warning that conscription in Ireland will paralyze its friends and encourage its bitterest enemies in this country."

"This insane blunder," he said, "would again render futile the best efforts of Irish leaders everywhere."

ANNOUNCEMENT

OUR Government has requested that we put at the disposal of the War Department our entire output of the "makings"—"BULL" DURHAM tobacco.

And we have complied—fully, gladly. For whatever the Government wants, whatever it needs, it must have from us and from you fully and with a generous heart.

We have been sending immense quantities of "Bull" to our men at the front, and at the same time trying to supply consumers at home. But now we are asked to give all our output:—36,000,000 sacks, 2,000,000 lbs., 100 carloads of "BULL" DURHAM every month.

This call means more than just huge figures to me and I know it will mean more than figures to the hundreds of thousands of men everywhere in the country who "roll their own" and who look upon that little muslin sack of good old "Bull" as a personal, everyday necessity.

It means that the Government has found that our fighting men need the "makings".

But, if "Bull" is a necessity to you, here, in the peaceful pursuit of your daily life, how much greater its necessity to those splendid Americans who have gone to fight for you—to win this war for you.

I know that you will think of them as I do—only of them. I know there will not be a single complaint. I know that you will give up your share of "Bull", however long you have enjoyed it, however close it is to you, as you will give up anything you have if it is made clear to you that our forces over there need it.

That the Government has requested the whole output of "Bull", the night and day output of all of our factories, must make this absolute need clear to you.

And I know that you will not forget the little muslin sack—gone for the present on its mission of hope and inspiration to our boys in the trenches.

• "Bull" will come back, with ribbons of honor. Have no fear.

Ohio War Board Says

You can live on a wheatless diet without the slightest injury to your health.

Health experts are authority for this statement.

Dr. Allen W. Freeman, health commission of Ohio, formerly with the United States public health service, says: "We can eliminate wheat from our diet from now until the next harvest without endangering our health in the slightest. We should be careful, however, to have a balanced ration."

Eat plenty of potatoes and fresh vegetables.

Milk and eggs, now plentiful, should also be used freely. You can use them in making the quick breads with the cornmeal and the other wheat flour substitutes.

Our Pilgrim fathers lived entirely without wheat; they used cornmeal. Surely no one would say they were weaklings.

If your ears ring with head noises.

If you have Catarhal Deafness or head noises go to your druggist and get ounce of Parment (double strength) and 1/2 oz. of white wine and a little granulated sugar. Take 1 tablespoonful four times a day.

This will often bring quick relief from the distressing head noises. Cough nostril should open breathing becomes easier as the mucus so dropping into the throat. It is easy to prepare, costs little and is pleasant to take. Any one who has Catarhal Deafness or head noises should give this prescription a trial. T. J. Evans.

Resting-Tired Feet

When your feet burn and are tired out, slip out of your clothes and into your night gown and kimono, and picking out a nice easy chair, settle back in it in the most comfortable position you can assume. Now raise one stockingless foot and point the toe down, contracting every muscle of the foot as much as possible. Relax the foot, contract and point down. Repeat this ten times, then change to the left foot and repeat.

This is merely reversing the action of the day in an attempt to minimize the spreading and consequent weakening of the muscles which the days work has effected. Next exercise the feet. Resting the right heel on the floor, lift the rest of the foot and work the toes up and down vigorously and quickly until you are conscious of a sensation of fatigue in the sole of your foot. Do the same with the left foot. Rest a few minutes and then take the following exercise for strengthening the arches of the feet.

Standing erect, head up, chest out, arms hanging loosely at the sides, heels together and toes slightly turned out, rise slowly on the toes and exhale a long breath while dropping the heels to the floor.

Rise on the toes again, sink to the floor and continue this for five minutes. Be sure to inhale when rising on the toes and exhale when dropping the heels to the floor. Rest for five minutes after this.

The three exercises will counteract the ordinary wear and tear of the day. Before retiring, however, hold a cake of coco butter over the flame

of a candle or lamp to soften it, then rub it all over the feet. Massage gently with the hands, being sure to rub from the instep toward the toes. Be sure to rub between the toes with the fingers which have been made oily by the cocoa butter.

Our Boys and Girls

The physical signs by which the child shows his heart and mind distresses must be treated with daily admonition, but it must all be most tenderly done. "Don't lift your shoulder dear," the mother must say when one of those members of the body goes clumsily up to hide embarrassment. "Don't scrape your foot dear," she must remark as pacidly when this small member is misbehaving. "Don't lift your voice dear," she must add when, under excitement, the childish tones rise shrilly.

These defects and countless more may be soothed away with time and patience, though it must be remembered that parents and not the brothers and sisters, must do the correcting. Sensitiveness may not always go with an awkward, self-conscious manner, but rather with an abnormal self esteem which has little fitness of nature to back it. In that event the child may need a little more "taking down" occasionally, toward more humility in thought.

But for the child who suffers acutely, who has some slumbering notions of justice, only the utmost care will bring an improvement: He needs to know every hour that he has the complete love of his parents and with this made clear in a tactful way, the battle against this not uncommon enemy of childhood will be decisively won in the end.

MEXICAN TROOPS ARE NOW OPPOSITE AMERICAN BORDER

(ASSOCIATED PRESS TELEGRAM) El Paso, April 10.—General Francisco Gonzales, with a column of federal cavalry, is marching toward the "big Bend" border from Chihuahua City and is expected to arrive there today. It was officially announced here that the arrival of General Gonzales will complete the troop movement into the Ojinaga district, opposite the Big Bend, troops having been sent from Chihuahua City, Guadalupe, Juarez and Villa Ahumada to strengthen the federal forces in that district.

The federal troops concentration opposite the American border has caused American army officers to become unusually alert.

The troops movements are not in the direction of San Antonio, where Villa's main band is said to be marching northward Monday. Instead it has been toward the border and the theory expressed here is that the movement is part of a plan to prevent American troops from again crossing into Mexico after bands.

General Jose Carlos Murgia, commander of the Ojinaga district has frequently protested against Americans pursuing bandits into Mexico.

GRANVILLE

(Special to The Advocate) Granville, April 10.—The blustering wind and the heavy snow fall which prevailed this morning, halted preparations for joining the national Licking county parade of war organizations in Newark today—although the design for decorating the float had been drawn by A. C. Fauley, the artist and designer for original Liberty Loan banners. Mr. Fauley completed his designs for the Red Cross, with an equal number of A. F. F. W. officials were ready for service, and an escort of college girls, who have worked in the Red Cross, had been dressed in uniform forms. As this uniform is somewhat chilly for out door winter wear, and the design for the Granville float required just that treatment, it was deemed inadvisable to delay the weather in carrying out the original plan, and as there was no time to start out another design the patriotic enterprise was reluctantly abandoned, and Granville was content to join the throngs around the public square and in the Auditorium.

A particularly enjoyable program of the Fortnightly club was presented Tuesday evening at the home of Mrs. Fred McCullum in East Elm street, who has succeeded in creating an old fashioned house, a charmingly old-time atmosphere, a real "old fashioned" "Great Edition" were featured by Mrs. George Stuart in a clever analysis; "Our Alien Citizens" were judiciously treated by Mrs. Forbes Wiley in a well prepared paper; "Food Conservation" received timely attention from Mrs. McCullum, the educational department of the Council of Defense committee. Current Events were contributed by members in response to roll-call, and special music of delightful character was furnished by the choruses of the Women's Civic Club, who sang two well contrasted three-part songs: Beethoven's chorus from "From the Ruins of Athens" patriotic in its fervor, and Brahms' "Cradle Song." The singers were: Mrs. Everett John, Misses Carrie Holden, Mrs. J. D. Lovelace, Mrs. John Ogilvie, Mrs. J. D. Thompson and Mrs. Elsie Carter, with accompaniment by Miss Imogene Hamblen.

Horace Biggs, son of Mr. and Mrs. Robert Biggs, who left last week for Camp Sherman, ill with influenza, and is in the hospital in camp, it is hoped that his disability may not prove serious.

Mr. and Mrs. Burton Case have received word that their son and daughter are well and happy, and have been in the care of a trained nurse for ten days in their apartments in the Colonial Arms, Jamaica, Long Island, are safely convalescent. Mrs. Bell is able to be up, and Mr. Bell, who was seriously ill in Monona, is on the high road to recovery.

Phi Delta Theta fraternity held their annual spring dinner-dance at their home on Prospect Hill at the beginning of the spring vacation, when a most enjoyable time is reported by those present. Marching band, furnished by the Ohio State Jazz Band, and the Shepardson college guests, chaperoned by Prof. and Mrs. L. A. Rumsey, were: Misses Margaret Helmrich, Ethel Collett, Helen Evans, Helen Clephane, Frances McGee, Leslie Rose, Clara Olney, Miriam Galloway, Ruth Vaughn, Ruth Rettig, Faith Rosensteel, Grace Van Kirk, Helen Prout, Nellie Flory. Out of town guests were: Miss Helen Baker, Zanesville; Miss Janice Thompson, Newark; Miss Marjorie Burritt, Columbus; Miss Lois Wood, Coshocton; Rev. and Mrs. Don D. Tullis, Newark.

Rev. and Mrs. Daniel Rogers observed the one hundred and first anniversary of the birth of their mother, Mrs. Hannah Rogers, who died in Shepardson Court, Tuesday, April 9th. There were many callers who congratulated Mrs. Rogers on the unusual occasion. She is in full possession of all her faculties, bright, cheery, and interested in every thing. There were several presents and many offerings of plants and flowers from a large circle of friends. Granville has honored a few centenarians, but never one who had rounded out the century in such splendid condition.

At a meeting of the executive committee of the Festival Association held in the Conservatory last evening, the date for the annual meeting and election of officers was set for 7 o'clock Friday evening, April 26, preceding the Arthur Johnson concert. Delegates from the various musical organizations in the village, choir leaders, music teachers and band leaders are eligible to vote.

Arthur Middleton, the popular Metropolitan baritone, will appear in Granville on Saturday evening, April 28th, and will give his New York program.

Mrs. W. P. Ullman of the Northwest section, Misses Jane Williams, Una Ackley, and Dr. Cockayne of the public schools, met in conference with T. A. Lewis, head of the community gardens, at the home of Mrs. Burton Case yesterday afternoon, to outline plans and specifications for the school children's war gardens to be submitted for the approval of Mayor Coons as cause worthy of supporting by the men's war service committee. Another meeting of this committee with the sectional superintendents will be held on Thursday afternoon at 5 o'clock with Mrs. Case.

NEWSPAPER MAN WITH NAVAL TRAINING BAND
Petty Officer C. A. Faust, who has been with the big division of the Naval Training Station band, which opened the big campaign at St. Louis, today joined the division here.

**BEST INVESTMENT****REPORT OF THE
ASSO. CHARITIES
PAST 3 MONTHS**

Reaching for your pocketbook when you see a fellow mortal in trouble, nine times out of ten isn't the best way to help him. Nor is it any better to throw up your hands and complain because people are so shiftless, so ungrateful, so irresponsible when you try to help them.

But what can you do when the man comes into your office with his hard luck story which you have no time to verify—or when your milkman tells you about his next door neighbor with five small children and no coal—or when your paper boy tells you about his sick baby sister at home and why the doctor didn't come?

Next time you hear of any individual or family in any sort of trouble why not call in the Public Welfare Bureau? For helping people is OUR JOB, and in the doing of it we are spending time, money, energy and the best trained sympathetic judgment at our command. To get at the root of every tangled human problem that comes to us, to quietly and confidentially learn all we can about people not only from their own lips but from those who know them best as well, to gain their confidence, and slowly but surely to point the WAY OUT—is no small task.

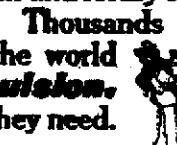

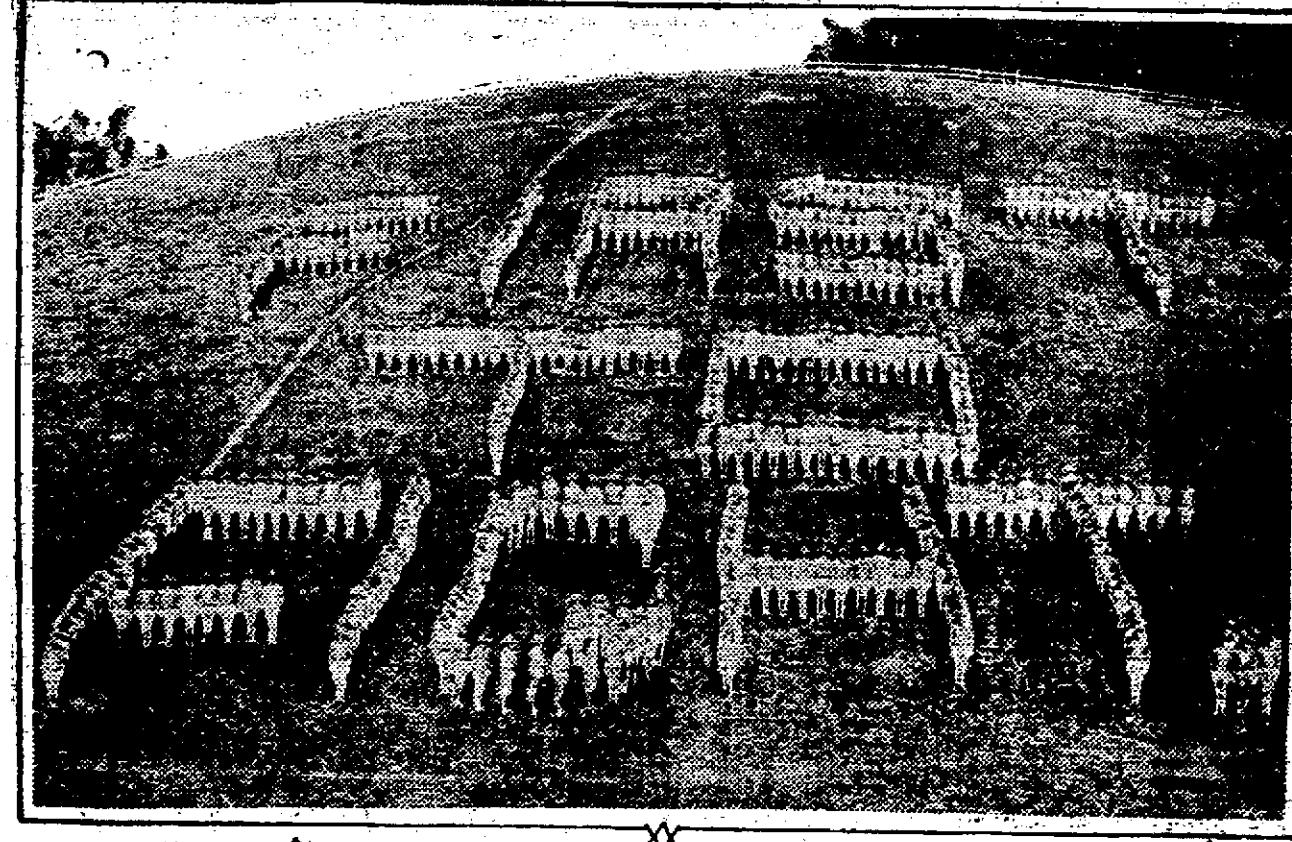

The life stories of close to two thousand Newark families have come to us during the last three years and it has been our privilege to count large in the reclamation of many who would otherwise have gone down in the struggle for existence. Were you to spend but an hour in "one of the busiest offices in Newark," we are sure you would feel the force working in the interior.

Eight hundred marines fall into formation at a word of command and in a few minutes form in living letters their slogan, "First to fight." The marines are all eager enough to put their slogan into action, and a large number of them are already on duty in France. The marine corps has offered all of its recruits to General Pershing for immediate service.

**LARGE CLASS WAS
GIVEN DEGREES BY
JACKSONTOWN TEAM**

The Jacksontown Grange degree team, which has the reputation of doing the degree work the most impressive and forceful of any team in the county, conferred the third and fourth degrees on a record-breaking class of 21 at its last meeting. A survey of the members on the roll reveals a large number of up-to-date farmers, who are the bone and sinew of Licking county.

Every line of grange work at every angle has been stimulated to its maximum activity, including the social which has surpassed all expectations in its proficient efficiency. The one commendable feature of the order is that its doings are equivalent to an agricultural course in college, with stock, horses, cattle, and bird shows, orchardists' demonstrations, corn shows, dairy-cow discussions, and lessons on all farm topics, agricultural exhibitions at the county fair for years.

Another item of note is the advantage the members are taking through the purchasing agent by saving hundreds of dollars yearly by buying fertilizers, binder twine, salt, lime, wire fence, etc.

At the initiation, visiting members from other granges expressed themselves as being well pleased with the technique and precision of the drill and team-work. It goes without saying that the visiting members from other lodges feel welcome and at home when in the halls of the Jacksontown Grange. It is being predicted that the talent, hospitality and smiling faces of light-hearted Jacksontown with its membership nearing the 300-mark will soon be second to none in the grange of Ohio. The meetings are held the second and fourth Friday evenings of each month. All patrons are welcome.

QUICK RELIEF FROM CONSTIPATION

Get Dr. Edwards' Olive Tablets

That is the joyful cry of thousands since Dr. Edwards produced Olive Tablets, the substitute for calomel.

Dr. Edwards, a practicing physician for 17 years and calomel's old-time enemy, discovered the formula for Olive Tablets while treating patients for chronic constipation and torpid livers.

Dr. Edwards' Olive Tablets do not contain calomel, but a healing, soothing vegetable laxative.

No group is the "keynote" of these little sugar-coated, olive-colored tablets. They cause the bowels and liver to act normally. They never force them to unnatural action.

If you have a "dark brown mouth" now and then—a bad breath—a dull, tired feeling—sick headache—torpid liver and are constipated, you'll find quick, sure and only pleasant results from one or two little Dr. Edwards' Olive Tablets at bedtime. Thousands take one or two every night just to keep right. Try them, 10¢ and 15¢ per box. All druggists.

The play tells the story of the adventures of Youth—the average young man who often leaves his home and goes out into the world to seek his name on the heights of fame and fortune. After reaching the city we see Youth journey along the Primrose Path, the road to devilry. In this act is which become dead end dark subways and we follow him until his return to the starting point—the home-town cottage where Love awaits him.

In the Grand Cinema scenes one sees the very latest and greatest in the newest songs. There is also a smart Fashion Show in this act in which the very latest creations of the modiste's art are shown. A second act is called "Corridors of Chance," here we see a modern gambling house in full operation with all known gaming de-

business this season and everything new is promised when they come to Newark, which is the latter part of the month.

Hedda Bara in her wonderful feature "Cleopatra" "The Siren of the Nile" has been added to the repertoire and will come to the Auditorium soon. This picture at the Grand Columbus for two weeks' broke all picture records and was proven one of the biggest money-earners ever offered to screen patrons.

The report has been spread that there were no seats left for the engagement of "Experience," which comes to the Auditorium this evening and tomorrow. Mr. Fenberg stated that they still had many choice reservations for both tonight and tomorrow's performances, but states that to those intending to attend this evening better call up the theatre at once and secure their seats. The company arrived this morning, coming from Zanesville.

The Evening News of Buffalo, N. Y., prints the feature, "The Son of Democracy," the Paramount Olympia series now being shown at the Auditorium. Said it was the best thing shown in that city for quite some time. The star feature, "President's Answer," is seen Friday and Saturday.

ALHAMBRA.

Tonight and Tomorrow.

A strikingly unusual film is "The Spur of Sybil," the new World-Picture Brady-Made which will be shown at the Alhambra tonight and tomorrow.

Alice Brady, one of the stars of this production. The role portrayed by Miss Brady is that of Sybil Drew, a "poor relation" who has been brought

into influence by her aunt, the

adventures of the opening scene.

Sybil will be happier and better off

mentally and physically if she will

only earn her own living for a year.

She the aunt arouses Sybil's pride and she is determined to earn her own living by earning her own living.

Sybil's adventures begin immediately

after leaving her aunt's home. They

continue at a rapid rate then on

the spur of the moment the photoplay

is entirely different from anything you

would expect. Sybil wins her spurs in

an astonishing manner.

"The Spur of Sybil" has been staked

in an Alhambra and is the

sort of a photoplay that sticks in

your memory as a most thoroughly en-

joyable entertainment. See it.

SUNDAY.

He as their god, their ruler and they

give their lives into his keeping. When

but a child he was cast upon their

shores as the sole survivor of a

wrecked caravan. The people of the

country, however, were afraid of him

and when he became a man they elect-

ed him their leader. How he proves

that he is equal to the task and avenges

the wrongs wrought upon them by the

Devil, the story of "The Captive God," with William S. Hart in the stellar role, to be shown at the Alhambra Sunday.

This is the third photoplay Miss Fer-

man has appeared in, and is by far

the most fitting role for her accom-

plishments. Through many stirring

scenes are shown, this film places

the superb acting of Miss Ferguson

in a most favorable light.

Miss Ferguson's supporting cast with

a rare degree of skill and weird types add

oriental atmosphere to the interesting

story.

Mary Pickford's patriotic appeal won

"Chin Chin" at Canton a few weeks

ago nearly \$2,000,000 in three perfor-

mances at the Grand Opera House at

business and it is expected that large

crowds will see the two performances

here Monday.

The Smokey Set, the biggest and best

bunch of colored performers entour-

ed will soon come to the Auditorium of

offering their musical show called "My

crowds.

may prevent a long serious illness—Take it with the first sign of fever, when your eyes water and when you begin to sneeze. There's no doubt advantage in this for it is 50 years old now, has broken up a cold and leaves no obnoxious after effects. Just as easy on the stomach as it is pleasing to the palate. Use it for the severest case of grippe as well as for the common cold. Your druggist sells it.

You're Bilious and Costive!
Sick headache, Bad breath, Sour stomach, Furred tongue and Indigestion, Mean Liver and Bowels clogged. Get a bottle of Dr. King's New Life Pills to-day and eliminate fermenting gassy foods and waste.

**Try This If You
Have Dandruff**

There is one sure way that never fails to remove dandruff completely and that is to dissolve it. This destroys it entirely. To do this just get about four ounces of plain, ordinary liquid arvon; apply it at night when retiring; use enough to moisten the scalp and rub it in gently with the finger tips.

By morning, most if not all, of your dandruff will be gone, and three or four more applications will completely dissolve and entirely destroy every single sign and trace of it, no matter how much dandruff you may have.

You will find, too, that all itching and digging of the scalp will stop instantly, and your hair will be fluffy, luscious, glossy, silky and soft, and look and feel a hundred times better.

You can get liquid arvon at any drug store. It is inexpensive, and four ounces is all you will need. This simple remedy has never been known to fail.

**LET THIS CREAM
CURE YOUR PIMPLES**

For several weeks past T. J. Evans has done a big business in selling Hokara, the skin healer that has won so many friends in Newark.

It has been found to heal not only all minor skin troubles, such as pimples, blackheads, herpes, acne, scaly scalp, complexion blemishes, itchy feet, piles, etc., but also the worst sores, ulcers, or even chronic eczema and salt rheum. There is yet to be found any form of wound or disease affecting the skin, or mucous membrane that Hokara does not help, and its action is so quick that those who try it are simply delighted with it right from the start.

In spite of its unusual curative powers, the price is trifling. To convince every one of its merits T. J. Evans will sell a liberal-sized jar for 35c. And remember that if you do not think it does what it claims, you can get your money back. You certainly can afford to try it on this plan.—Advertisement.

WILL SPEAK THIS AFTERNOON.

Julian H. Bryan, of Titusville, Pa., who drove an ambulance in the most bloody sector of the French war zone for seven months before he was eighteen, will speak at the Auditorium this afternoon.

Bryan went over with a contingent of twenty American youths who determined to help in some way even though their country was still neutral. And the ambulance service is one of the most dangerous ways in which anyone may help. Bryan tells all about it in the talk he is giving now to arouse the people to what the Liberty loan campaign means. He is a simple, direct speaker who realizes that the thing he has to tell is in itself too big a thing to adorn with oratory.

There are light spots in his talk; just as there are light spots in war itself; amusing experiences, hits of

DOCTORS SHOT FOR WRONGS DONE TO U. S. SOLDIERS

Governor Sidney J. Catts of Florida is quoted in a St. Petersburg newspaper as having said, in addressing the St. Petersburg Yacht club:

"You hanged 13 negro rioters. Have you had any more trouble with the negroes? No. And if you would shoot a few German spies you would have no more trouble with these alien enemies in our country."

"I told the secretary of war that there were three classes that should be put before a firing squad. I

would have him shoot the doctors who are German sympathizers and have been inoculating our soldiers with pneumonia germs. I would have the profiteers who graft off our soldiers stand against a wall and shot, and that would stop the business; and lastly I would have the spies put to death. This country is alive with spies and we are at their mercy and the only way to stop them is to shoot them. I told Mr. Baker to send them to Tallahassee and we would attend to them here."

The governor told of how two doctors, German sympathizers had inoculated 500 soldiers at Camp Wheeler with pneumonia. He added:

"Those two will never inoculate any body else with pneumonia germs or

any other germs. They have been put where they will never again help the Hunns. I helped to put them there."

LOCAL TALENT IN THE ZANESVILLE MINSTREL SHOW

Clyde Reasoner, chairman of the Elk minstrel committee at Zanesville, was in the city yesterday afternoon and secured James R. Cooper to give a special rendition of his "Three Trees" and monologist act. Mr. Cooper is quite a clever entertainer and will assist in making the entertainment a pronounced success.

The director, H. O. Stanton, states that he has one of the best programs possible to secure and promises a high-class performance. The entertainment is to be given Thursday and Friday evening of next week, and the seat-reservations go on sale at the Weller theater box office next Tuesday morning at 9 o'clock. A number of local Elks will attend.

**YOU CAN TELL THE PEOPLE
WHO HAVE IRON IN THEIR BLOOD
STRONG, HEALTHY, VIGOROUS FOLKS**

City Physician Says Ordinary Nuxated Iron Will Increase the Strength of Arrows, Run-down People in Two Weeks' Time in Many Cases.

ONE glance is enough to tell which people have iron in their blood. Those are the ones that are strong. Sleepless nights, spent worried over suppressed ailments, constant dosages with habit-forming tonics and narcotics and useless attempts to bridle up with strong coffee or other stimulants the weak, tired, listless, indifferent, vainly longing to be strong. Their real trouble is lack of iron in the blood. Will not iron in the blood has no power to change fat into living tissue? Then the question is, when you want to do you any good, otherwise it may prove worse than useless.

NOTE—Nuxated Iron recommended above is not the same as the popular ergogenic or energy compounds. Unlike the older inorganic iron products, it is easily assimilated and does not injure the teeth, nor does it upset the digestive system. It is a safe, reliable, non-toxic, antiseptic, antiseptics, and anti-tussives. It is guaranteed to every purchaser or their money. It will refund your money. It is dispensed in this city by Wm. A. Ermann, Evans City Drug Store, Newark, Ohio.

If you are not strong or well you owe it to yourself to make the following test: See how long you can work or how far you can walk without becoming tired. Next take two five-grain tablets of nuxated iron three times per day after meals for two weeks. Then test your strength again and see yourself how much better you are. This is nothing like a good old man to help you any good, either in your cheeks and sound, healthy flesh on your bones. But you must take iron in a form that can be easily absorbed by your body. If you want to do any good, otherwise it may prove worse than useless.
